

CHAPTER V CONCLUSION AND SUGGESTION

A. Conclusion

Based on the findings, the researcher finds that the kinds of turn taking strategies used by main characters in the camp rock 1 movie. The researcher concludes that this research has already answer the research question that mentioned in Chapter I. It is written below :

1. What are kinds of turn taking strategies used by main charaters in camp rock 1 movie?

In the movie the researcher found that the main characters used the turn taking strategies in conversation. There are taking the turn, holding the turn, and yielding the turn. In the taking the turn the speaker can uses starting up by using hesitation and clear strat strategy, uses uptakes by using links and conjunction and also interrupting. Then, holding the turn, the speaker can use filled pauses, silent pause, lexical repetition and new start. Next, yielding the turn, the speaker uses prompting, appealing and giving up strategy.

In short, the main characters also used the turn taking strategies that will help them to organize the conversation and make the conversation become smooth conversation. Then, the main characters also used the startegies to hold their turn and give the turn for the other speakers. Last, the researcher also gets the knowledge about turn taking strategies. The strategies can help the participants maintain their conversation into good conversation.

B. Suggestion

After conclude this research, the reseacher would give some suggestion for other. By looking this research, the reseacher give suggestion for the reader can apply this strategies in daily life because the turn taking startegies can organize the conversation and it can avoid the gap and overlapping. For the next reseacher, he can uses other theory that different from this reseachr. He can use the other object so the data that get will be different. Then, for the teacher can apply these strategies in class group discussion that will help the students be better in group discussion such how long they have to speak and how they start the conversation without preparation.
